

CIGRE Canada: Your Gateway to the Canadian Market

The Canadian power utilities market is very fragmented and often organized at the provincial level.

CIGRE CANADA has been the benchmark event for **power utilities** for many years.

It brings together experts at the **highest technical level** from all market participants: power utilities, government regulators, equipment manufacturers and solution providers, research and development centers, universities and technical experts...

The event, which lasts 4 days (3 days exhibition), welcomes approximately **300 experts from Canada and the rest of the World.**

Your presence at the event will provide valuable exposure directly to those attending and back into their organizations that they represent.

In addition, your sponsorship supports the development of the industry. These annual Canadian conferences are designed to advance the development of power systems and economic growth in this industry. With your sponsorship, CIGRE is able to host these events at a very reasonable cost to the participants, allowing greater participation and industry contribution.
